Public Hearing:
Public Hearing Regarding Initial Bargaining Proposals Between California School Employees Association and Riverbank Unified School District

No public comments were given

Presentation:
Riverbank High School female wrestler Melissa Garcia was recognized by the Board of Trustees and District for her achievement in the recent State Wrestling Championships. Ms. Garcia was the first female wrestler from RHS ever to make to the State Championship, making it to the quarter finals in competition. Board President Elizabeth Meza congratulated her on her achievement and presented her with a certificate plaque from the District and Board. Ms. Garcia expressed her thanks and determination to continue to excel in wrestling and her other sports as well.

Assistant Superintendent Daryl Camp presented information to the Board regarding Common Core State Standards (CCSS). These national standards for English Language Arts (ELA) and mathematics for grades K-12 have been adopted by California and 45.5 other states. With adoption, 85% of the standards are to consist of CCSS with up to 15 percent additional materials determined by the State. The version unique to California is referred to as the “California Common Core Standards”. Common Core prepares students for college and 21st century careers, provides opportunity for interstate collaboration and pooling of resources, and reflects Internationally Benchmarked expectations. Dr. Camp reviewed State implementation timelines, what the State is offering in support and the potential expense of the change as new materials and technology are needed.
