Presentation:
Ms. Shirley Buell of Stanislaus County Office of Education (SCOE) came before the Board of Trustees to review RUSD’s fiscal report covering the current and two subsequent fiscal years. She explained the process that SCOE goes through if the District’s status becomes “Qualified” or “Negative.” In light of current deficit spending, the District could be deemed “negative” in the second subsequent year. SCOE can provide a “Fiscal Expert” to assist district’s in creating a plan to avoid “Negative” status. Ms. Buell informed the Board that no district in the county has ever been in “Negative” status before and she has hopes that it can be avoided by RUSD as well.

Ms. Buell answered Board Member questions and advised focusing on eliminating the level of deficit spending.
